Classical Healing

CLASSICAL HEALING is a massage for the mind and heart.

The quiet contemplation of Beethoven's Moonlight Sonata cradles us, Pachelbel's Canon in D opens our hearts and Chopin's Nocturne in E Flat settles, for a moment in time, all things conflicted.

These classical favorites, performed by pianist Tom Barabas in the elegant, sensitive style that has become his signature, comprise the fourth in the SOUND HEALING SERIES.

This album is destined to become a preferred choice by lovers of classical music, spas, massage practitioners and others interested in deep relaxation and music therapy. It is a beautifully crafted, artistically rich audio experience that adds a valuable dimension to our popular SOUND HEALING SERIES and is one that listeners will want to add to their growing collection.

Soundings of the Planet.

"Music is a moral law. It gives a soul to the universe, wings to the mind, flight to the imagination, a charm to sadness, gaiety and life to everything. It is the essence of order, and leads to all that is good and just and beautiful." - Plato
